Meltblown OPT.MB11 Technical Data Sheet

PRODUCT TITLE

Optima Meltblown Wipe OPT.MB11.

PRODUCT DESCRIPTION/MARKETS

Optima Meltblown Wipe is a non-woven, dry wipe product designed for application and removal of wax, polish and cleaners.

This is a versatile wipe and can be successfully used for heavy duty cleaning and a wide variety of wiping applications in the workshop.

INSTRUCTIONS FOR USE

To maximise the performance, fold the wipe into half or quarter to give 4 or 8 cleaning surfaces. Clean surfaces holding the wipe flat to ensure maximum surface area usage. Rotate until all surfaces have been used. However, the wipe works perfectly well without needing to remember this.

SIZES AVAILABLE/CONVERSIONS

Wipe dimensions:	267 mm x 260 mm
Roll size:	250 wipes
Unit quantity:	1 roll to 1 unit
Packaging:	Centre feed box

PRODUCT HIGHLIGHTS

Fabric structure equals virtually no lint.

Excellent absorbency means quick removal of surface liquids thus saving time and multiple cloths.

High strength when wet means reduced incidence of the cloth breaking and liquids soiling the user's hands. This does not remove the need for appropriate hand protection.

DISCLAIMER

All statements, technical information and recommendations are based on tests we believe to be reliable but the accuracy or completeness thereof is not guaranteed. Please ensure before using our product that it is suitable for your intended use. All questions of reliability relating to this product are governed by the Terms of Sale subject, where applicable, to the prevailing law.
